

CITY OF CENTERTON

APRIL 1, 2021

City of Centerton residents, visitors and employees,

As of Tuesday, March 30th, Governor Hutchinson has lifted the directive requiring face coverings. The COVID-19 vaccine has been made available to any Arkansas resident 16 years of age or older.

Though this is great news and a step towards the end of the COVID-19 pandemic, we are still individually responsible to be able to get back to normal, so for the safety of the public and our employees, we encourage everyone to continue wearing face coverings when visiting city buildings, and when social distancing is not possible.

Business owners have the right to ask their customers to wear a mask inside their establishments as well as ask them to leave if they refuse. Let us be respectful of one another while working on the same end result which is to end this pandemic sooner rather than later.

Please be advised masks may still be required during in person Centerton District Court proceedings, and public city meetings. Visit the City's website as well as the District Court's website for updates, guidelines, and recommendations.

Respectfully,

Mayor Bill Edwards
